

STACKR:

THE LONG-TERM SAVINGS SOLUTION FOR THE DIGITAL COMMUNITY

SAVE FOR
THE FUTURE
LIVE FOR
TODAY

COMBINING TRADITIONAL FINANCE WITH MODERN-DAY FINANCIAL TECHNOLOGY & EXPERTISE HAS ENABLED STACKR TO PIONEER ITS INNOVATIVE, SECURE AND FLEXIBLE INVESTMENT SOLUTION THAT ENABLES EFFICIENT LONG-TERM SAVING THROUGH A COMPREHENSIVE RANGE OF TECHNOLOGY-FOCUSED INVESTMENT SOLUTIONS.

Stackr is a global long-term savings solution, through which a personalized trust structure allows investors to hold a diversified portfolio of both capital and digital assets. The intersection of traditional finance and modern-day financial technology has enabled Stackr to pioneer this innovative, secure and flexible savings solution.

Stackr gives people what they need, the flexibility and security to live their lives on their terms now at the same time enabling them to save for the future - whatever it may hold.

Saving has long been the cornerstone of wealth generation. As technology evolves, it is apparent that savings solutions need to move forward in a similar manner. Stackr promises exactly this by removing traditional frictions that adversely impact savings solutions, while pioneering machine learning driven investment options within a secure trust structure. Stackr is the first of its kind and at the forefront of intelligent investing.

PROBLEM:

Current Investment Solutions

- High fees
- Not global
- Admin heavy for end user
- Complex & not flexible
- Don't include digital assets
- Relies on traditional investment management

SOLUTION:

Stackr

- Up to 66% reduction in fees
- Flexible, entirely web - based
- Digital onboarding & advice
- US\$ and crypto investments
- Capital and digital assets
- Uses latest technology to manage assets

STACKR THE NEXT GENERATION SAVINGS SOLUTION

Stackr is a new type of long-term savings solution with specific benefits and features that traditional solutions just don't offer making it the perfect choice for the 21st century saver.

Stackr uses technology to enable and empower savings anywhere in the world. The Stackr Trust Account provides investors with a personal international trust account, something previously only accessible to ultra-high net worth individuals. Uniquely, the Stackr Trust Account allows users to hold a range of investment solutions that use the latest technology available, which is truly a global first. Stackr is an optimal investment vehicle with optimal investment choices.

STACKR:

THE LONG-TERM SAVINGS SOLUTION FOR THE DIGITAL COMMUNITY

BENEFITS OF USING STACKR

CONTROL AND FLEXIBILITY

Unlike traditional solutions, Stackr gives clients total flexibility and control. There are no strict rules such as enforced monthly deposits, rather you can save whatever and whenever you can afford to.

With the increasing cost of living and unexpected one-off expense such as replacing a broken washing machine, having the ability to take a month or 2 off saving whenever you need can be very convenient.

US\$ INVESTMENTS AND DIVERSITY OF GEOPOLITICAL RISK

Stackr clients will invest in hard currency no matter where they earn their salary. It also allows investment away from the country of origin in case of potential economic and geopolitical concerns.

POTENTIAL TAX DEFERRAL

In many jurisdictions, moving assets between digital and capital assets can trigger unnecessary taxable events. Stackr can be isolated from such events due to the trust structure, which means that it is only when you really need your money and remove it from the trust that you might pay any tax.

INTELLIGENT INVESTMENTS

Stackr clients can invest in innovative investment solutions that have varying risk profiles, which are designed with an emphasis on delivering long-term sustainable results and capital loss mitigation at their core. Capital asset choices allow investors exposure to global markets, with a machine learning driven risk management approach facilitating adaptive long-term exposure with the view to minimizing loss of capital.

LOWER FEES

Stackr has removed the unnecessary fees that traditional institutions charge. Lower fees mean more available money to compound over time giving investors a better chance to reach their goals.

ESTATE PLANNING

Stackr allows you to designate beneficiaries to receive your assets without going through a possibly lengthy and expensive probate process and estate taxes.

The net result for investors for most of these benefits is the potential to earn more compound interest as there are less fees and taxes in the process while providing a level of control and flexibility that modern savers require.

Now is the time to bring new technology and the traditional expertise of Stackr to the mainstream. The Stackr team is comprised of the best capital investment experts, machine learning and technology specialists. Stackr has partnered with crypto specialists, Etherbridge machine learning specialists, DataProphet and tokenisation experts Bakari AG, to curate optimal investment solutions - the culmination of decades of traditional financial markets experience coalesced with new-age knowledge and machine learning expertise.

The Stackr team has the experience of building a US\$ 3 billion saving solution in the traditional finance space. Everyone has their reasons to join Stackr, but the guiding principle is to bridge the old and new worlds and bring all the best aspects together to provide clients with optimal returns and build their retirement savings pot over the long-term.
